Magic Sensation

Curtis Adams is a new breed of entertainer with a spectacular new show at the Plaza Hotel and Casino downtown called "Adrenaline: Magic That Rocks," which features non-stop laughs, cutting-edge dance and state-of-the-art visual effects.

"Adrenaline" is the rock concert of magic shows—a show so different that to call it simply a magic show is an understatement. The show has the energy of a rock concert paired with illusions that set the benchmark high for magic shows around the world.

At only 22 years old, Adams is one of magic's brightest stars. At 17, Adams caught the eye of a very prestigious name in magic, creative director Don Wayne, who is best known for producing material for David Copperfield's TV specials and live tours. Wayne and Adams have embarked on a journey to change the face of magic and live entertainment with "Adrenaline."

"Adrenaline" runs Tue.-Sun. at 7 p.m. Tickets are \$25. Call 800-773-0992.
